Mr. Jarrett,

I just want to make sure, as I don't remember if I actually asked you or not yet, is it alright if I use the picture of you on the chapter site on my site for webmaster under the teachers/advisors section?

Thanks,

Brady

Brady Kondek
Alright. Is it ok if I use your pic on the chapter site on my webmaster site under the advisor and teacher area?

Connor Ronan
Yes.

Brady Kondek
Thanks

Yeah that would be fine if you don't need it yesterday and it doesn't mess up what you are trying to do let
take my picture Tuesday 2/18
If you need it earlier just come fine me and we can do it

Mr. Shea,

For Webmaster, we are including a section with the teachers that teach the different CTE courses, as that is part of the
rubric. I thought it might look cool to have a picture of each teacher there as well. So I was wondering if it would be
possible I could put a picture of you on there if that would be alright with you.

There isn't a picture of you on the chapter site, so if you're good with having a picture on the site is it possible you could
either send me a picture to use or I could take one of you if that would be alright?

Thanks,

Brady

I am making a section on my webmaster site with the teachers that teach the different CTE courses, as that is part of the rubric for the event, and wanted to include a picture of each teacher.

Would it be alright if I used the picture on your teacher website for that?

Thanks,

Brady

Hi Brady,

Thanks for asking first. Yes, you may use the one I have up on the teacher site. Do you plan to just pull it from there? If not, I can find a copy to send.

Thank you,

Mrs. Clugh

Would it also be alright if I put a picture of you on my TSA website under the teacher section I am making? Part of the site needs a teacher section and I thought It'd look cool with a picture of each teacher. I was thinking of using the picture you have on your teacher website if that would be alright with you.

Also, would it be alright if I put a picture of you on my TSA website under the teacher area I am making? I saw you have a twitter account and was thinking to use your profile picture on there if that would be alright with you.

Absolutely! Thank you for asking. If you don't mind, send me the link to the website after you finish. I love it!

Let me know if you need anything else.

Mrs. Stewart

Subject: Picture For TSA Project

Mrs. Stewart,

I am working on making a website for a TSA project that features the school's CTE program. I am making a section with the teachers/leaders of the program, as that is part of the rubric, and was wondering if I could use a picture of you on that section. I found the attached picture on the Sentinel website by looking up the school. Could I use that picture if that is alright with you?

Thanks,

Brady Kondek
